Architects

CORBACREATIVE

Description

corbacreative was created in 2008 with the intention of question, redefine and reinvent existing models.

corbacreative's approach try to traduce elaborated response based on a simple and recognizable vocabulary born from the program, context and uses.

Each project is discussed on a different way, creating distingued methodology in order to propose a pertinent and personalized solution.

The constant research in the way of approaching space lead to a sensitive, contrasted and creative work.
