Description

BACK TO BASICS...

The architectural workshop Abdelhakim Guilmi - AAAG was founded by architect Abdelhakim Guilmi in 2005.

Abdelhakim Guilmi is a native of Belgium. Graduated with honors from the Faculty of Architecture Lambert Lombard, University of Liège in 2002 and then began a Master in Landscape at the University of Granada in Spain. This awarded him his Master with honors.

Anxious to take part in the economic development that Morocco, it creates its own structure by providing platforms work abroad, they aim to permanent exchange of knowledge and skills.

Further accentuated by the occasional assistance of foreign and other consultants such as Ney + Partners, LVEP, etc partners. This synergy takes momentum towards quality architecture without borders.

Installed since its beginnings in the heart of Marrakech and recently in Belgium as well, the AAAG office operates both on national and international level projects (UAE, Qatar, Kuwait, Equatorial Guinea, Burkina Faso, Niger, Nigeria and Ivory Coast).
