

## Architects

### Description

# B612 ASSOCIATES

B612associates is an office of architecture and urban planning. Our portfolio includes project of architecture and urban planning at a larger scale but also smaller scale design such as furniture design and scenography. It is based on the integration, of all parameters that will contribute to the quality of the project from the very beginning of our study to its realization aiming at the production of contemporary concepts of quality that are integrated within their urban, spatial and social environment. We believe in the richness of multidisciplinary approaches and the gathering of complementary expertises in order to generate sustainable solutions for a changing society.

Founded in 1997, our firm has today a team of 7 registered architects and urban designers with sound background in the field of engineering, architecture and urban planning but also philosophy, history and theory of architecture and contemporary art
