AAVO - ATELIER  
D'ARCHITECTURE VAN OOST

Description

AAVO was founded in 1956

Team of 25 people (architects, designers and engineers)

Has always been active in many different sectors :

- industrial premises
  - > industrial production units
  - > warehouse and distribution centers
  - > food processing industries
- public buildings (hospital, school, swimming pools,...)
- real estate projects
- technical projects
- private housing

This diversity of projects as well as the different scales of all the various achievements has enabled our team to build up a thorough serious experience.

Every year, AAVO coordinates the construction of buildings which all together represent over 80.000 m<sup>2</sup> constructed surface
