

Architects

# HERVÉ LUCAS ARCHITECTE

Description

The office was created in 2019, and is working on projects based in Brussels and Wallonia. All buildings are integrated into pre-existing contexts, places and uses. All are approached in a pragmatic, theoretical and even sensitive way, with a view to creating architecture that is both ordinary and contemporary.

Creation

2019

Boulevard Barthélémy 20  
1000 Brussels
