Programme

Fire station of Charleroi (Belgium). Winning project of the invited competition for the society "THOMAS & PIRON ? CIT BLATON"

OTHER PROJECTS :

About

Considering the specific characteristics of the site, the project has simple, contemporary, compact and functional architecture (flow of people and vehicles) while offering an iconic and recognisable form, compatible with the resolutely tertiary character of the environment.

Euro Space Center, Galaxia
- 2007 2009
- Transinne (Libin)
