

Project

# ARCHITECTURAL LACE / WONDERBRA

Architects

SEBASTIEN MOUFFE SUBWAYARCHITECTURE

Address

rue des bas prés, 5000 NAMUR

Programme

Achieving a balcony and a large terrace.  
Complete modification of the operation of the existing dwelling  
and exploitation of unoccupied basement of the building.  
Lifting and complete isolation of the back cover.

About

The idea was to completely review the functioning of the house  
in order to live with the garden ..  
Amending the rules of the program has had a big impact on  
the back cover.  
The back cover is a reflection of the new inner workings.  
in summary "This house waiting for the sun and a connection to  
the garden and ... it's done!"
