STUDIO SNCDA ET AL.

Description

SNCDA Studio is an architecture office founded by Sara Noel Costa de Araujo in 2013.

Studio SNCDA thinks, designs and builds in Belgium, Luxembourg, the Netherlands and pays attention to the territory of Brussels.

The office deploys its energy and strength of proposition across borders, in an ongoing search for renewal and questioning of a preconceived reality.

All project scales all experimented. From the scale of the object to that of the Grand Territoire, Studio SNCDA develops, designs, rehabilitates, builds and realizes furniture, buildings, public spaces or studies of large territory.
