Address

Rue Laid Burniat, 1, 1348 Louvain-La-Neuve

Programme

Construction of an extension to a pilot plant, with production lines, R & D laboratories (classified BL3 +), storage areas and offices

About

The construction of the extension (which triples the capacity of the existing pilot plant) was carried out while the factory was in full use. The building was designed and built in a record 18 months schedule. Research Laboratory (unique in Belgium and even in Europe by its size and layout) allows the scientifics to work on vaccines linked with emerging diseases (fatal for humans and animals).
