

ARCHITECTURES WALLONIE-BRUXELLES INVENTAIRES # 2 INVENTORIES 2013-2016

Initiated in 2010, the Architectures Wallonie-Bruxelles Inventaires # Inventories collection sets out to paint an up-to-date picture of recent architectural developments in Wallonia and in Brussels and to illustrate the commitment shown by the public authorities and private individuals in the search for an architecture that is in step with its time and with concerns to improve our living environment.

After Architectures Wallonie-Bruxelles Inventaires # 0 Inventories 2005-2010 and Architectures Wallonie-Bruxelles Inventaires # 1 Inventories 2010-2013, this third volume, entrusted to Xavier Lelion et Anne Sophie Nottebaert after a call for projects, identifies, appraises and reports on architectural production in Wallonia and Brussels.

Of the 152 projects gathered in the inventories 28 were developed through the medium of the comic strip, writing and photography.

The eponymous exhibition and the publication will be launched on Friday, the 7th of October at 6:30 p.m. at the Théâtre de Liège.
