

EXHIBITION CITIES CONNECTION IN VILNIUS

After Brussels in October 2018, Barcelona in April 2019, Tarragona in September-November 2019, Lugano from November 2019 to February 2020, and Bordeaux in 2021, Wallonie-Bruxelles Architectures presents the Import WB_Export BCN exhibition. Re-activate the city, curated by Nicola Regusci and Xavier Bustos, in Vilnius from 8th to 29th July 2021.

Convinced by the format of the exhibition, our local partner Architektūros Fondas wanted to increase the exhibition by including 14 local projects.

The inaugural conference will take place on 8th July 2021. Three architects will present their project: one for the Wallonia-Brussels Federation, one for Catalonia and one for Vilnius.

This event will take place at the Pasaka Theater.

The exhibition will be presented in the public space in 3 places, each of them dedicated to one of the partner cities.

The Vilnius part is located in Paupio st. and Aukštaitių st. square, the Wallonia-Brussels part is located in Aukštaitių st. 16 and the Barcelona part in Aukštaitių st.

An other event on the same format is also planned for 22nd July 2021. The 14 works chosen from Lithuania
