## JDS OPENS A NEW OFFICE IN CHINA

---

After 6 years development in Asia, establishes its first office in Shanghai in order to oversee its projects in the region. The new office will service a number of key projects in the People's Republic of China and in Asia as a whole.

JDS founder Julien De Smedt and partner Andrew Griffin are responsible for the running of the office and ongoing projects.

JDS is committed to design contemporary, sustainable projects that can address the challenges of some of Asia's most rapidly expanding cities.
