LECTURE BY SINAN LOGIE ON RECENT URBAN METAMORPHOSIS OF ISTANBUL

Address

Istanbul Bilgi University Kampüs Santral, Eski Silahtarağa
Elektrik Santralı, Ka, TR 34060 Eyüp Istanbul

In the frame of the Workshop between ENSAV La Cambre and the Bilgi University of Istanbul, Sinan Logie gives a lecture on recent urban metamorphosis of Istanbul. The workshop focuses on 3 spaces in the central and dense district of Beyoğlu. The selected plots are 3 'public spaces' currently devoted to car parks, run by private companies or the municipality. - Behind the Galatasaray School - At the İstiklal/Tünel subway access - At the entrance of the Dolmabahçe Palace. The workshop aims to reclaim car space and give it back to the city users.
