## NEW EMBASSY OF BELGIUM IN BIEJING

NG-Lab (Nicolas Godelet) is proud to present the new embassy of the Kingdom of Belgium in China! A new finished project in collaboration with Agwa, Arch Harmony and Bucg where courtyard space and warm materials are combined to welcome guests in Beijing. It is the first office building made of wood structure in the capital; mineral materials are recycled from the former embassy to create a grey-red brick symbolizing the friendship of the two countries. <br class="innova">
