

TRAUMNOVELLE: CONFERENCE IF - SOCIAL DESIGN FOR SUSTAINABLE CITIES

At the invitation of the Délégation générale Wallonie-Bruxelles in Warsaw, the architectural trio Traumnovelle will participate in the international online conference IF - Social design for sustainable cities on 23 October 2020.

This joint initiative of the EUNIC Warsaw Cluster and the Polish-Japanese Academy of Information Technology in Warsaw highlights ecological urban planning as well as the theme of sustainable cities and communities. Its aim is also to promote pro-social urban planning, the role of culture in the creation of the common future, the involvement of representatives from different backgrounds (educational, scientific, cultural and administrative) in the debate on urban spaces of the future.

Priorregistration is required on the website:
