TRAUMNOVELLE AT THE MILAN TRIENNALE

Traumnovelle takes part in the Milan Triennial as part of the State of the Art of Architecture exhibition, which runs from 16 February to 29 March. It is an invitation to reflect on the creation of new forms of contemporary architectural thought, through the involvement of 38 innovative and emerging architecture studios and researchers. From 13 to 15 February, the public will be able to watch the live installation of the exhibition. Traumnovelle presents their *Alles ist Fiktion* project, which revisits Hans Hollein's iconographic manifesto *Alles ist Architektur*. They will also give a lecture on Thursday 13 February at 11 am.
