

WB AGENCIES : INTERDISCIPLINARY MEETING #0

On May 31, 2022, Wallonie-Bruxelles Théâtre Danse, Wallonie-Bruxelles Design Mode, Wallonie Bruxelles Images, Wallonie-Bruxelles Musiques and WBArchitectures gathered about thirty WB Federation operators in LaVallée for a first interdisciplinary meeting for a fruitful inter-sectoral networking event and it was a great moment. Can't wait for the next one!

Founded in 2010, WBArchitectures is a public agency that depends on and interacts with other structures:

Wallonia-Brussels Federation Wallonia-Brussels International

WBA is part of a larger policy of support and promotion of cultural and creative industries in French-speaking Belgium. We represent one of the 5 specialized agencies that play an essential role in the diffusion and marketing of cultural and creative operators on the international scene:
