

# Club Collectible

*A new community for architects and interior designers*

CLUB COLLECTIBLE is a new networking platform which brings together talented young architects and interior designers who wish to meet like-minded professionals in fun and inspiring settings, while helping to support their careers.

CLUB COLLECTIBLE launches first in three European design capitals: Brussels, Paris, and Rotterdam. As part of the CLUB, members can enjoy private events including cocktails and dinners, studio visits, and masterclasses. The Club also offers members the opportunity to promote their latest projects on our dedicated members' website, as well as a chance to enter a competition for their project to be presented and promoted via a special section on the COLLECTIBLE website and shared with our wider network.

CLUB COLLECTIBLE gives the opportunity to connect with designers, innovative brands and artisans to share inspiration, materials and samples, as well as hosting exclusive private events.
